(ii)

SUMMARY

In modern world women perform many roles. She works at home, but she want to earn extra money for their family to provide financial security. She works as teacher, doctor, clerk etc.

But she left something i.e. for family and children when the women work in outside the world so their family feel neglected. The thinking of women is very different because she consider that she can both the work mean as homemaker and outside of the world.

Answer of Question No. 04.

A visit to a hospital

Date: 03 March 2019

Place: City Hospital

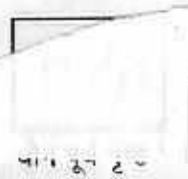

Last Monday I went to the hospital to see my friend who was admitted in the hospital. Firstly I reached the hospital by car and I entered the hospital and went to the registration counter and asked the room no. of my friend where my friend admitted. I saw the people in front of doctor's room and also saw the surgical ward, in this ward there are many patients layed on the beds. Nurses attending the patients and asked the health about their health.

In medical ward there were many patients laying on their beds.

At last I saw my friend asked about their health and I came back my home.

Answer of Question No. 07. (OR)

Wander of Science

- Outline :
- (i) Introduction
 - (ii) Sector of Travelling
 - (iii) Sector of treatment
 - (iv) Sector of agriculture
 - (v) Sector of energy
 - (vi) Disadvantages of science.
 - (vii) Conclusion.

(i) Introduction: We know that it is the age of invention that mean the age of science. Science is nothing but it is a systematic way of knowledge of nature. Man's quality of keen observation and alertness given birth to science. Science has made our life more comfortable. it gives us every thing which we want. Science has brought a great progress in all sectors of life. Now we can able to doing work in a few time.

(ii) Sector of Travelling: Travelling & Transport is a great wonder of science. Science has given us many kinds of

10

प्रश्न क्र.

machines for travelling and transport. Science has made the distance short. Now we have means of travelling as train, aeroplane, bus, tractor etc. Now we can able to reach in the space.

(iii) Sector of Treatment : In ancient time, men died by any normal diseases because at that time we had no good treatment, but with the help of science we can able to find any diseases and its treatment also. Science has provide us many machines in the sector of medical such as CT scan, MRI, ECG etc.

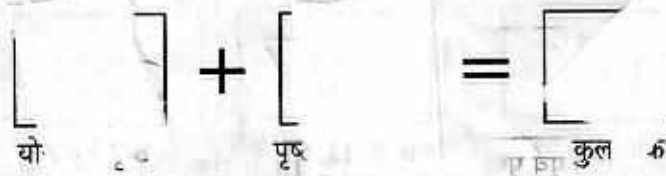

B
S
E

(iv) Sector of Agriculture : In modern time agriculture sector is soaring. In this sector science provide us many machines for crop production such as tractor, seed drill, plough, irrigation pump etc.

Now we can cross the second green revolution with the help of science.

(v) Sector of Energy : Now we have many kinds of energy such

11

प्रश्न क्र.

as atomic, solar energy and electricity.

With the help of electricity we can change the night into the day.

(vi) Disadvantages of Science: Every thing has two parts. Science has also dark side too. The invention and production of bombs and weapon can destroy the whole world in a few time. The pollution is the big problem created by science.

(vii) Conclusion: We know that science can not use itself it is used by human.

If we can not use it properly so it become curse, and if we use it very seriously so it will be prove bless for us.

So we must use the science for the uplift the humanity.

"Science is our good servant but a bad master."
